

Baby Collection

All our products are made of cellulose from organically grown bamboo which means they are silky soft, remarkably absorbent and odor-free. URBAN BAMBOO is great for the whole family, especially babies with sensitive skin.

- **Soft feeling:** Bamboo with its round surface structure allows a smooth and comfortably tight feeling to your skin.
- **High breathability:** Bamboo absorbs and evaporates human moisture 2-3 times better than cotton and keeps you dry fast and for a long time.
- **Odor-free:** Bamboo's bio-agent "bamboo kun" neutralizes over 70% bacteria, which makes our products odor-free, even after 50 washes.
- **Organically grown:** Bamboo is an evergreen fast-growing plant in the mountains without pesticides, which makes it an abundant and prime resource used throughout the world.
